

2023 Annual Report

Every year the Heritage Harvest Grow Project grows a 65 acre crop on museum land near Austin, MB to support our parent agencies the Manitoba Agricultural Museum and the Canadian Foodgrains Bank.

2023 RESULTS

**Our Invigor L340PC canola yielded 44 bushels per acre!
As a result, the Grow Project provided a record \$40,000
to our parent agencies - \$20,000 each!**

2023 SUPPORTERS

Our success is thanks to the many family farms, agri-businesses and individuals that provide in-kind supplies and services or donate financially. Thank you to our 2023 contributors for your support!

OUR TRACK RECORD

Over the last 7 years we've provided \$180,000 in direct support to our parent agencies - \$90,000 each!
Every dollar we donate generates additional matching dollars from government programs.

\$180,000 in direct support raised in 7 years!

PROUDLY SUPPORTING

Since 1953, the Manitoba Agricultural Museum preserves Canada's largest collection of operating vintage agricultural machinery.

Since 1983, the Canadian Foodgrains Bank works to end hunger in the developing world by helping 1.1 million people in 36 countries.
